Reports from the Georgia Election

Sentiment of N. Carolina People.

The Convention Indorses Holden.

Preparations for Coming Election

Organization of the State Militia.

A Visit to Alexander H. Stephens.

John H. Regan Writes to the Texans.

President Johnson Not Going South

New Counterfeit \$10 Greenback.

New York, Oct. 9.—The Herald's Savannah correspondent says that the election in Georgia was proceeding very quietly. The military were near the polling places, and everything in connection with the election was being managed by the civil officers. In the majority of the counties, but one ticket was being run, and it is said that a good class of men have been selected for candidates.

In the interior of the State, generally, harmony and quiet prevail, and the people accept with a fair amount of grace the new order of things, though planters coming in from some sections make strong complaints of the negroes neglecting their work, and say that in consequence next year's crops will be a failure.

The Herald's Raleigh correspondent says: The people of North Carolina, and especially those around Raleigh, are very decided in their approval of the emphatic way in which the State Convention disposed of the secession ordinance by declaring it not only to be null and void, but to have always since its passage been so. The inhabitants are also represented as being extremely hostile to those men who assisted in plunging the State into rebellion.

In the convention on the 4th inst. resolutions were introduced, but laid over for future action, expressing the utmost confidence in President Johnson, and thanking him for the course he has pursued toward the erring people of the South, to the gratification of all of whom, it is believed, he is entitled.

The resolutions also indorse Governor Holden, and express the belief that no State will ever again have a desire to abandon the Union.

Advices from Charleston state that Mayor McEachern and the Common Council, and other members of the civil government of that city, have been restored to the exercise of their functions, and the principal municipality building has been given up to them, in accordance with a military order issued by General Bennet, commander of the sub-district of Charleston, on the 24th inst. The Mayor is also in possession of all cases between whites, while the negroes are to be turned over to the Provost Marshal, but the military policy will be retained.

The organization of the State militia is rapidly progressing in some sections. They are to be subject to the national officers, and to cooperate with the military in the suppression of the prevalent lawlessness.

Gen. Bennet has issued an order, directing his subordinates to assist in the formation of this State militia, and every member of the militia before joining, must take the national oath of allegiance.

There is a great stir among the South Carolina politicians in anticipation of the coming State and Congressional elections, and candidates are issuing addresses to people through the press, and in person, and members of the Legislature will be elected on the 18th inst.

A Herald correspondent gives an account of a recent visit to the people of the South, and says that the people are generally well satisfied with the course of the Government, and are in favor of admitting their testimony in the courts, and of granting the elective franchise to every member of the race, and he thinks that it will be impossible long to deny them these privileges.

A special to the Herald, dated Washington, October 8, says: Captain P. B. Cranford, Assistant Provost Marshal-General in the Western Division, and Major Haddock, Major Haddock, has been in Washington several days striving to secure to Onondaga county the credit for two hundred recruits, on a basis of the credit of his county, and that county is entitled, and from which it was defrauded by the malfeasance of Major Haddock, who has recently been convicted and fined \$10,000 for fraud in filling Western New York quotas.

Capt. Cranford has been eminently successful in his endeavor, and has placed something like \$100,000 to the credit of his county in the settlement of its war debt with the Empire State.

The corps of military inspectors organized soon after the commencement of the war, has been practically abolished by the numbering out of the officers as volunteers, and throwing them into the ranks of the regular army. Now that their services are no longer needed, they are being disbanded.

The citizens of Wisconsin now sojourning in the capital, called a meeting for to-morrow night, to take appropriate action in respect to the death of General Horace T. Saunders, of this State.

WASHINGTON, Oct. 9.—The President has abandoned his contemplated trip to Richmond and North and South Carolina, and yesterday notified the Secretary of the Navy that the vessels in waiting for him would not be required.

The Government yesterday received a copy of a counterfeit ten dollar greenback legal tender note just put in circulation.

Arrests have been made and others will be made of persons engaged in preparing and issuing this counterfeit, but for good reasons we are not authorized to give any of the particulars. The new bogus issue is dated Washington, March 10, 1862—letter C. The red seal is badly executed, as is also the border of the note, which is made up of repetitions of the letter X, circularly put together. The general appearance of the bill is bad.

New York, October 9.—The 68th New York volunteer regiment arrived in this city yesterday from Bridgeport and Stonington, Conn. This regiment, which numbers 20 officers and 688 men, was also included the 49th New York, which was some time ago consolidated with it.

A German peddler named Richard Murschall was arrested in this city on Saturday night on a charge of having been implicated in a murder committed in the city of Pittsburg, Pa., for which place he was yesterday started, in charge of an officer.

JACKSON, Miss., Oct. 4.—The majority for Gen. Humphreys for Governor of this State, over Judge Fisher, will probably be 10,000. The majority of G. L. Potter, the anti-secession testimony candidate for Judge of the Court of Appeals, in Jackson district, is 300.

MALIBAI, Oct. 9.—The steamer China has arrived with dates to Sept. 30th, and Oct. 1st. The rate of discount advanced to 1/2 by the Bank of England.

A number of Fenian prisoners were brought before the police magistrates at

RIVER MATTERS.

St. Nicholas, Cincinnati. Monday, October 9. The River is nearly stationary, or falling only an inch in twenty-four hours at the head of the falls, with scant 4 feet water in the canal last evening by the mark. The weather is somewhat warmer, though cool at night, the thermometer at noon ranging as high as 70.

On the falls last evening there were 24 inches water down the Indian chute, which is rather less water than desirable for navigable purposes. The falls navigation may be considered open until the 15th inst., but the river at Cincinnati at noon yesterday had fallen 12 inches in the previous forty-eight hours.

The River was the mail boat yesterday in place of the United States. The peerless St. Nicholas, of the People's Line, continues regularly on the track, and was in yesterday morning.

The Wild Wagoner and the Major Anderson were rival packets to Cincinnati Sunday. It was reported that the Wagoner was the victor, but the Anderson was still ahead at Carrollton.

The fleet Taronas is the regular mail and passenger packet this evening for Evansville, Henderson, and all intermediate landings. She goes out in charge of Captain J. A. Lusk, with the attentive John Pendleton in the clerk's office. The Taronas starts at 5 o'clock from Portland.

The Romeo is the packet for Madison today. She starts at noon, and connects with the Sandy Valley at Madison for Kentucky.

The Argosy came in yesterday well freighted with Vevay hay.

The Wild Wagoner, in charge of Capt. Frank Carter, a veteran and thorough boatman, is the mail line packet to-day. She starts at noon for Cincinnati and all intermediate landings.

The Wild Wagoner is the People's Line packet to-day. She starts at noon, taking freight and passengers at the regular packet rates.

The packet J. S. Porter was at the landing yesterday from Porter's Landing, Va., with an assorted cargo of fire brick, tile and other goods.

We were rather complimentary to the Evansville Journal the other day for its account of the river commerce of this city, but take it all back again to-day, from the following sample, which is neither elegant nor expressive:

"What has happened of the Rockport packet enterprise? Has it failed for want of funds? Did it die a natural death?"

St. Louis is making rapid strides to-day, in accordance with a military order issued by General Bennet, commander of the sub-district of Charleston, on the 24th inst. The Mayor is also in possession of all cases between whites, while the negroes are to be turned over to the Provost Marshal, but the military policy will be retained.

The organization of the State militia is rapidly progressing in some sections. They are to be subject to the national officers, and to cooperate with the military in the suppression of the prevalent lawlessness.

Gen. Bennet has issued an order, directing his subordinates to assist in the formation of this State militia, and every member of the militia before joining, must take the national oath of allegiance.

There is a great stir among the South Carolina politicians in anticipation of the coming State and Congressional elections, and candidates are issuing addresses to people through the press, and in person, and members of the Legislature will be elected on the 18th inst.
